Empowering Nonprofits with Pro Bono

NetSuite employees assist over 400 nonprofits annually through pro bono engagements around the globe. These activities include Pro Bono virtual quarterly projects, office hours, the Buildathon 4 Good and the Hackathon 4Good.

Building Capacity is Pivotal to Organizational Growth

Our Social Impact team hosts over 50 community workshops annually that provide educational resources so they can dive deeper into NetSuite's functionalities. Organizations learn what they didn't think was possible and share best practices with other NetSuite users in interactive settings. These workshops are not your ordinary webinars, they are designed to drive change in behavior and usage of NetSuite with deliberate, real world applications.

Growing Impact with Creative Solutions

The Hackathon 4Good is our longest running pro bono event. Customers present a major challenge, and employees spend the day in teams building prototype solutions. Organizations discover innovative new ways to use NetSuite and have a ton of fun while growing their expertise.

Expanding Skillsets with Pro Bono Beyond

Partnering with nonprofit users on accelerating impact has been in our DNA since the beginning of NetSuite and does not stop with only providing technical assistance. Pro Bono Beyond provides support to NetSuite eligible customers on projects unrelated to NetSuite.
