FAST, ACCURATE & SECURE
DOCUMENT AI AUTO-PROCESSING

IDEA S
INVENTED BY LAURRY AI

FAX **DOC** **PDF** **XLS** **PNG** ∞

Digitalize all your document inputs

Support for formats including emails, pdfs, fax, images, existing databases etc.

AI Data processing

Text is **accurately extracted** and **normalised** through cutting edge OCR techniques

Accuracy up to >99.5%

BUILT-IN PRO — INVOICE

關鍵訊息	內容
賣方公司	BUILT-IN PRO LIMITED
登票日期	26 Aug 2023
發票號碼	INV-LT-10667712
客戶地址	九龍達之路47號 又一居一座K11樓
賣家電話	98098799
總金額	$4,064

Integration with CMS & Database

Output is integrated in a **structured digital database** in a **format of your choice**

AI-Powered Automated Dashboard (RPA)

Monitor **real-time data** and **automate further actions** with Multi-layered AI

(e.g. *data verification, generation of customised reports, auto-prioritisation and more*)

Management Dashboard
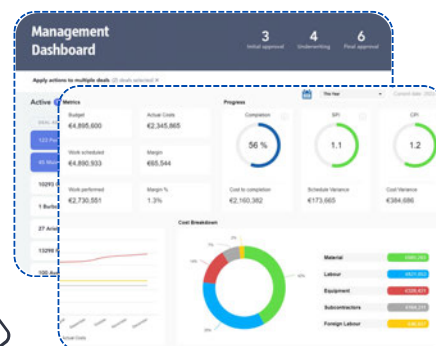

Over 200x increase in operation efficiency

INDUSTRY APPLICATIONS

Invoice Processing	Contract Management	Government Records	Compliance Documentation

Claims Processing	All Multimodal Documents

Geneva inventions

WITSA — World Innovation, Technology and Services Alliance

HONG KONG ICT AWARDS SMART EDUCATION GOLD AWARD 2022

NOTABLE AWARDS

Save up to
$5,000,000+
annually in manual operation costs!

SAVE MONEY!

Document Processing Tasks
(e.g. extract values, input into database, identify errors and post-processing...)

MANUAL PROCESSING

10+ mins each
(Manual processing time)

IDEA S

5-8 SECONDS
(AI processing time)

Total hours per day
(Calculated for 400 documents)

67+ hours per day

WITHIN 50 MINS per day

Patent-Tech Accuracy:

Other Document cloud services **80~90%**

IDEA S **95~99.5%**

Automate your workflow through our **leading-edge AI techniques**, with human-like helper features such as:

- Handwriting Recognition
- AI Image enhancement
- Address Normalization
- Documents Classification
- Auto-Stamping
- Digitalize Documents
- Auto-Vetting/Auditing
- Auto-reply Inquiries
- And much more

CUSTOMISED DASHBOARDS & MORE

- Analyse data in **real-time** with **personalised business logic**
- **Generate summaries** and **automate responses**
- More customisable RPA services available

- Handle **sensitive data** with **Secure On-Premise deployment** & proprietary technology
- Trusted by Hong Kong Government Clients

SUPPORTS SECURE ON-PREM SERVICES
